MRS. C. W. VALLETTE

COME 'N' LOOK GARDENS

DECLO, IDAHO

PLEASE READ CAREFULLY BEFORE ORDERING:

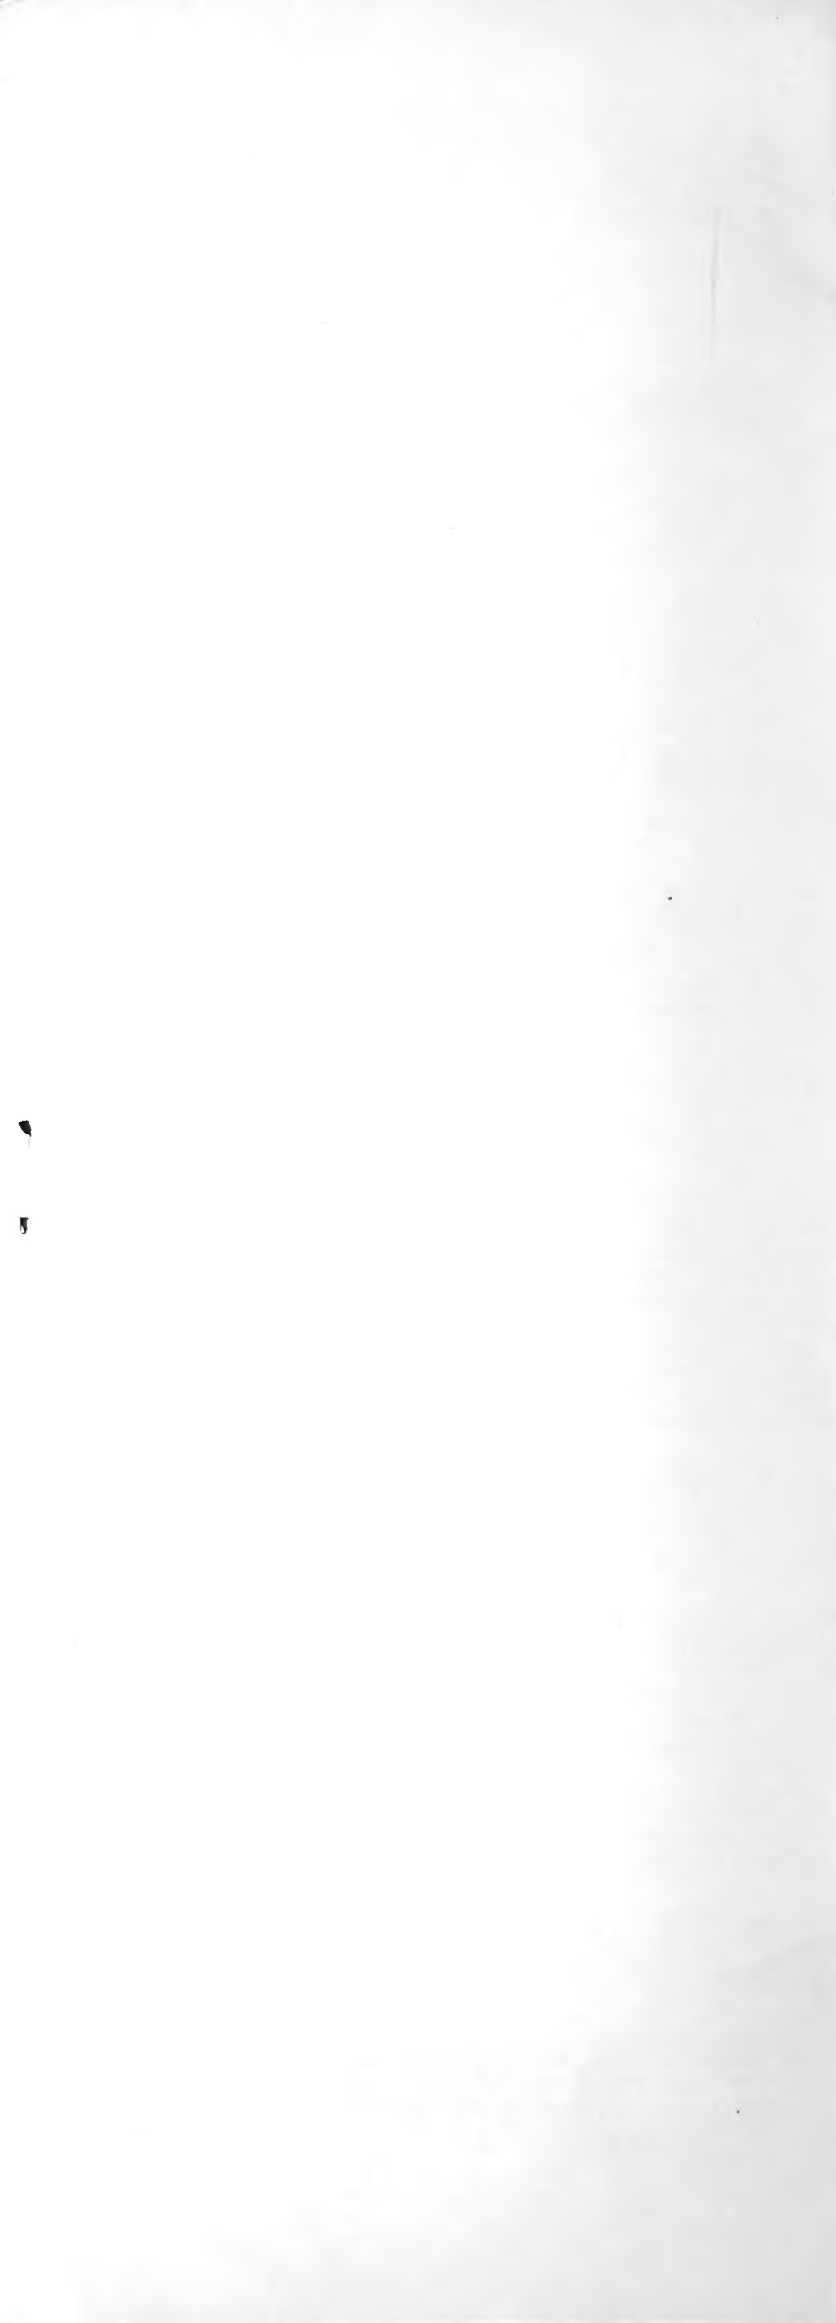

Postage paid on orders of \$3.00 or more; for less, please add .50 toward postage. **If you will send \$1.00 toward postage, I will include \$2.00 extra iris, my choice.** Shipping begins July 1; rhizomes are not mature enough to send earlier. Free replacement of plants that die, if reported by Oct. 1, but I cannot be responsible for winter-kill. Varieties untrue to name will be replaced if reported upon blooming. My rhizomes are not forced in any way, and do not grow to huge size, but judging by reports from satisfied customers all over the country, they do better almost everywhere than big lush ones that rot easily. Kinds in parenthesis are onco-hybrids, and often have small rhizomes, as do some Talls and all Dwarfs; **dwarfs** and **lilliputs** are in heavy print.

I send freshly dug, well-packed, State-inspected plants, but sometimes due to hot weather or delay in the mail, they may be dry when received. Please do not write me about this, as **it does not hurt them in the least**, and these dry-looking plants often start growing quicker than nice fresh ones. If you wish to ensure quick delivery by mail, enclose .35 extra for a **SPECIAL HANDLING** stamp. Soaking for ½-hour before planting in Semesan (3 tb. per gal. of water) makes them start growth sooner, and helps protect them against winter-rot. **NEVER** let any kind of fertilizer touch rhizomes, or they will rot; bonemeal is safe, and superphosphate or rotted manure in moderation, IF kept 6" away from them. July or early August is best for planting in the North, but September is better in dry, hot areas. Cover ½" deep (more in sandy soil); give good drainage and full sun, and keep out grass and weeds for best success.

This list contains almost 2000 varieties, old and new, American and foreign, but all lovely. I strongly urge you not to confine yourself to things you know—take a chance and order some you've not seen, that everyone doesn't have. You are sure to be delighted with them when they bloom.

Prices run from 1/3-3/4 catalog, according to stock on hand. For still greater savings, order a collection, **MY CHOICE**, in any price-class, or send me \$5.00 and I will send you \$7.50 value, priced from .30 on up, in a good color range, from all groups. This offer, made to dispose of surplus, is strictly **my choice**. Please do not order iris I do not list, without writing first to see if I can supply them. Perhaps I can; I have over 1000 not listed, and if I don't have it, I can perhaps get it for you at a substantial reduction. I do not issue a wholesale list, and make no price reductions beyond collections, etc., listed here. Everything postpaid.

GIFT IRIS sent with all orders of \$3.00 or more, except **MY CHOICE** collections, which do not count on gifts, though if \$1 is added for postage, \$2 in extra iris will be sent free. To induce early ordering, orders over \$3.00 postmarked before July 1 may select 10%, or over \$11.00 may select 15% extra, of varieties worth up to .50 each, in addition to the gifts of my own selection. Items marked * are in short supply, and such **NET** items will not be sent as gifts, or included in collections, so please do not ask for them.
